### Using Calendar Xpress

After installation, register the software and start using it. The first screen you see is 'Select Calendar' window.

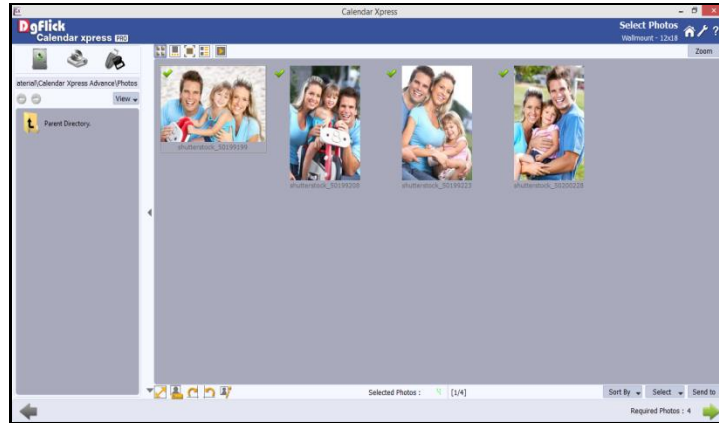

**'Select Calendar' window**

- ❖ Select calendar style, size and type and go to the next window.

**'Select Theme' window**

- ❖ Select the desired theme for the calendar and go to the next window. You will be redirected to the 'Select Photos' window.

**'Select Photos' window**

- ❖ Here select the photos for Calendar and click on 'Next' button to go to 'Design Calendar' window.

**'Design Calendar' window**

- ❖ Edit the calendar with 'Edit' option.
- ❖ You can apply events on the calendar from 'Events' tab.
- ❖ Once the Calendar is designed, save the project and export it in JPG or PDF. While exporting in JPG you can decide the color profile as per the printer. You can also choose to optimize the quality or file size.

**Calendar is ready**
